Our Ladies

Beskrivelse

I 90'ernes Skotland får en gruppe piger fra en katolsk skole muligheden for at tage til Edinburgh for at deltage i en korkonkurrence, men de er mere interesseret i at drikke og feste end i konkurrencen.

Pædagogisk note

Filmen kan indgå i temaer som Youth and Identity og Sexuality. Til filmen hører en pæd. vejledning og et kapitelsæt. Kapitlerne taler ind i temaerne kærlighed og seksualitet og har tilhørende spørgsmål, du kan bruge som oplæg til dele af elevernes mundtlige arbejde med filmen. Vejledningen har fokus på både mundtlige og skriftlige kompetencer samt kultur og samfund.

I arbejdet med filmen kan man inddrage elementer af det obligatoriske emne 'Sundheds- og seksualundervisning og familiekundskab', fx ift., at eleverne kan analysere køn, krop og seksualitet i samtidigt, historisk og globalt perspektiv, og de kan drøfte betydningen af venskaber og analysere følelsesmæssige dilemmaer i relationer.
